

Coming to RoundTable

In Many Waters District, our **Eagle Project Approvals** occur at the monthly Roundtable (RT) meeting at **Faith Lutheran Church**, 886 North Shore Dr., Forest Lake, ([Map](#)) from 7:20 to 8:30 p.m., every month except July. Check the District website for the schedule.

Your Proposal Review with District Advancement

RoundTable happens once a month, usually on the first Thursday. *Please check the District Calendar on the website for actual dates.*

Please wear the **full uniform** for your BSA or Venturing unit, if you own one, complete with up-to-date leadership patches and your merit badge sash.

Bring **2 copies** of all your *Proposal* paperwork including before photos and any other images you added to the document. We keep 1 copy. **WE DO NOT NEED TO SEE:** Workbook Covers, Section 1 (except Contacts page), Section 3 (except perhaps Fundraising Application), and Section 4.

Computerized presentations are just fine as long as you also bring a printed copy for us to keep. *[You must also bring the Workbook's Proposal pages, see above.]* Models and presentation boards are also GREAT to see!

Present yourself at the ADVANCEMENT table to sign in, beginning at 7:00. Scouts are seen in the order they signed in. If you arrive after 7:30, we may have already moved upstairs to a meeting room. The sign-in sheet will be upstairs, outside that room.

Be Prepared... You will need something to take notes with, and on! (your Eagle Notebook?!?)

You may come on your own or bring someone to introduce you. That person may stay to listen in and/or help by taking notes. They may NOT be part of your presentation unless asked to clarify info or brainstorm ideas with us.

If you have special needs, it is OK to let us know that. We won't tell anyone...

Other Information

The primary reason that Eagle Scout candidates come to meet with District Advancement is so that we can see that you understand your plan completely. When we give our approval, we want to be assured that the Final Plan, your Work Days, and the Project Report will go smoothly for you.

Notes about our conversation are important, as they may be included in the Final Plan portion of the Workbook.

Read the information presented in Section 1.4-5 to see what District Advancement will be looking for during the Approvals Session. Consider:

- Does your project contain anything that is your own idea or plan? Projects don't have to be unique; however, it is necessary for there to be features that you will develop and plan.
- We wish the project to be a positive experience, so we encourage you to think about whether your chosen project will be interesting and enjoyable for you to plan and direct. If it currently does not seem so, you should take time before coming for approval to make it your own, so you will always be proud of your project in the future.

For more information about the Eagle Process, read the longer version of this document, titled: "[The Many Waters Eagle Project Approvals Process](#)" and, look over the "**Helper Doc's**" also presented on our Life-to-Eagle web pages.

Date: August 2013
